

# PORTABLE VERTICAL SHAFT MIXERS

## CONTRACTORS SPEAK UP

"I have several 5 year old Mini-Mix 60s and they have worked great! The only failure during this time has been an on/off switch".

- Gary Caskey, Safety Surface, Oklahoma City, Oklahoma.

"The Mix 60 is the only mixer we'll ever use for our rubber safety surfacing products. Its powerful enough to mix our heavy urethanes and rubber granules, lightweight and incredibly portable, makes very little noise when running and after thousands of commercial and residential projects worldwide I've yet to see one breakdown on the jobsite.

- Tom Welfare, Rubaroc, Ottawa, Canada

## Mini-Mix 60

The Mini-Mix 60 is a truly **versatile mixing machine**. Quickly and thoroughly mix mortar, stucco, thin set, dry pack mortar, epoxy, plaster and more. A drill motor and a bucket are so messy and require constant labor. Load up the Mini-Mix 60 and a 50 lb. bag of material is **mixed in minutes... automatically!**

### PADDLES

The Mini-Mix 60 comes with **2 sets of paddles**. Shown here is the square steel which is very good for mixing thin set mortars. The Mix 60 also comes with a **round steel paddle** which is good for mixing mortar, stucco and grout.

### POWER

The fully enclosed **3/4 h.p. 110v** industrial grade motor with direct gear drive provides non-stop performance on any construction project. The Mix 60 mixer truly is **contractor duty!**

### VERSATILITY

The Mini Mix 60 has proven itself to be a versatile mixer - New generation **safety surface materials** are mixed very well by this mixer.

### LABOR SAVINGS

Hand held **drill motors are technology of the past**. They are awkward, dangerous, wear out quickly and require the full attention of the operator.

The Mini-Mix 60 batches material automatically, **freeing the operator for other duties.**

### QUICK SPECS

	MINI MIX 60
Drum capacity	14 gal.
Batch output	12 gal. / 50 lb. bag
Motor rating	3/4 h.p. 110v, 6 amp.
