# American Pneumatic Tools

**BOLT-ON  
“QUICK CHANGE”**

**SAFETY  
RETAINER**

PART # 18290

- **LIGHTWEIGHT** Accessory tool changes are quick and easy-retainer stays mounted on the tool.
- **NO LOOSE PARTS** Locks firmly onto APT 260, 450 and 650 Series chippers without the need for typical retaining springs that are often lost or need to be replaced due to wear.
- **SECURE** Six points of contact (6 hardened steel balls) to retain all available round collar (hex or round shank) or oval collar steel types.
- **RENTAL FRIENDLY** No need to be concerned about different accessory steel; it accepts all types.
- **SAFE** Eliminates concern over retainer not being used when proper retaining spring is not available, or falling retainers and steel due to worn out springs.

For assistance in any sales, technical, maintenance or repair questions, please Contact Discount-equipment
