YOUR BOTTOM LINE

Genuine galvanized aircraft wire inner core for longer life.

Optional wheel cart available for easy transport.

1. Power cord is wrapped around conveniently-placed brackets for safe, problem-free transport.
2. Additional rear bar shields motor and allows for more flexible two position operation.
3. Easy-to-use air operated foot switch allows the use of both hands when working with cable.
4. Ground Fault Circuit Interrupter (GFI) safety feature comes standard with 20 foot power cord.
5. Heavy duty, durable tubular frame provides stability and balance while in operation.
6. Epoxy powder-coated cage deters corrosion caused by caustic drain cleaning elements.
7. Cast aluminum bracket with bearing supported guide tube.

8. Cable available in either 3/8" or 1/2" certified music wire with **genuine** galvanized aircraft wire inner core for longer life.
9. Unique inner drum design eliminates cable buckling.
10. Built-in drum-shaft slip clutch minimizes cable and tool breakage and provides overload protection.
11. Impact-resistant plastic belt-guard for additional operator safety.
12. Rugged 1/3 H.P. reversible Baldor motor delivers plenty of speed cleaning power.

NOTE: Always refer to operator's manual and safety instructions before operating any drain and sewer cleaning equipment.
