## **THE 680GC**

## A WHOLE DIFFERENT ANIMAL

The NEW 680GC represents a giant leap ahead in concrete chain saw performance. 5 years in the making, this saw is destined to be ICS's flagship. Stronger and more reliable than any gas saw ICS has ever produced, it will soon be the tool of choice for contractors across the globe.

Polyester filter is designed specifically for wet cutting

Large diameter (4 mm) rope and improved recoil spring engagement guarantee dependable starts

New airflow design increases surface area by 40%, helping to lower engine operating temperature

The sealed SMART Ignition System's computerized timing matches spark advance to engine load, which when combined with improved airflow lowers engine temperature by 100°F (40°C)

Decompression valve for easy starting

ICS'

Available with 12" (30 cm) and 14" (35 cm) guidebars

Choose from the entire line of TwinMAX™ diamond chains to cut through concrete, stone, and masonry

Altitude-friendly carburetion for easy starting and maximum power at any elevation

Advanced rear-ported multi-chamber air intake keeps airflow sturry-free

Improved fuel mixture screws make tuning easier

Distinctly black housing lets the world know this saw means business
