

5700

ALL DAY BATTERY RIDE-ON

- ☐ Allows extended run time; with the ability to operate 8-12 hours on a single charge.
- ☐ No need for running multiple battery sets.
- ☐ Built-in charging system with 110 volt on board charger.
- ☐ Ergonomical design, adjustable foot pegs and exclusive adjustable slide plate keeps the operator correctly positioned improving comfort and safety thus allowing operator to see what he is doing during the removal application.
- ☐ Precise hydraulic steering for maneuvering in tight spaces; Zero turn radius.
- ☐ Compact size allows scraper to fit in a standard door frame and accessibility to most passenger and freight elevators.
- ☐ All inclusive patented carbide blade technology designed for tough removals to include most ceramics and hardwoods.
- ☐ Unique quick change swivel head keeps the blade in continuous contact with the floor. The exclusive adjustable slide plate accommodates maximum blade settings on all floor surfaces and material types.
- ☐ The largest selection of blade types in the industry, many of which are patented. Initial start-up kit included with machine encompasses numerous blades for removal of ceramic tile, wood flooring, VCT, carpet, carpet glue, thinset and more!
- ☐ Easily accessible fork lift slots.
- ☐ Low maintenance.
- ☐ Patent No. 6,813,834 - 7,562,412 - 7,082,686
- ☐ Other patents pending.

Specifications	5700
Width:	24 1/2"
Height w/seat:	48"
Length: w/o jaw:	54"
Empty Weight	2000 lbs.
Fully Weighted:	2265 lbs.
Removable weights to front:	175 lbs.
Front Assembly	100 lbs.
Speed:	Up to 120 ft. per minute
HP:	4
