

REDLINE

DEMOLITION HAMMERS

PAVING BREAKERS

A Full Line of Demolition Tools to Meet All Your Needs

Whether your demolition tasks require the high impact energy of our 125-R for heavy-duty concrete or asphalt removal or the 17-R for light excavation and demolition work, Kent has a tool to fit your needs. Our Redline series offers a complete line of breakers, rivet busters, clay diggers, trenchers, chippers, tampers, rock drills and sump pumps.

Built to Perform Year After Year

Kent's full line of hand-held air tools are built with one thought in mind - Quality. Our breakers feature complete drop forged construction, four bolt handles for rigid connection to the cylinder, a full control throttle, an efficient valve chest for low maintenance and replaceable front head bushings. Our Teflon - Graphite packing used in our tampers provides cooler operation, needs no adjusting, remains flexible, seals out dirt and lasts longer than conventional seals. Kent's Rock Drills feature swivel air inlets, four pawl construction for positive rotation, safety latch retainer and an automatic oiler for chuck parts.

Backed By Kent

As always, Kent backs their tools with a complete parts inventory and a national distribution network to keep your tools operating at peak performance day after day.

**Model 125-R
Heavy Duty**
90 lb. Class -
Breaks aggregate
concrete, slag or
foundation
removal.

**Model 123-R
Medium Duty**
60 lb. Class -
Excellent for
breaking asphalt,
concrete and brick.

**Model 20-R
Light Duty**
35 lb. Class -
Easy handling in
vertical and hori-
zontal positions.

Model 18-R
Heavy duty tool
used for digging
clay, frozen ground,
concrete or hard pan.

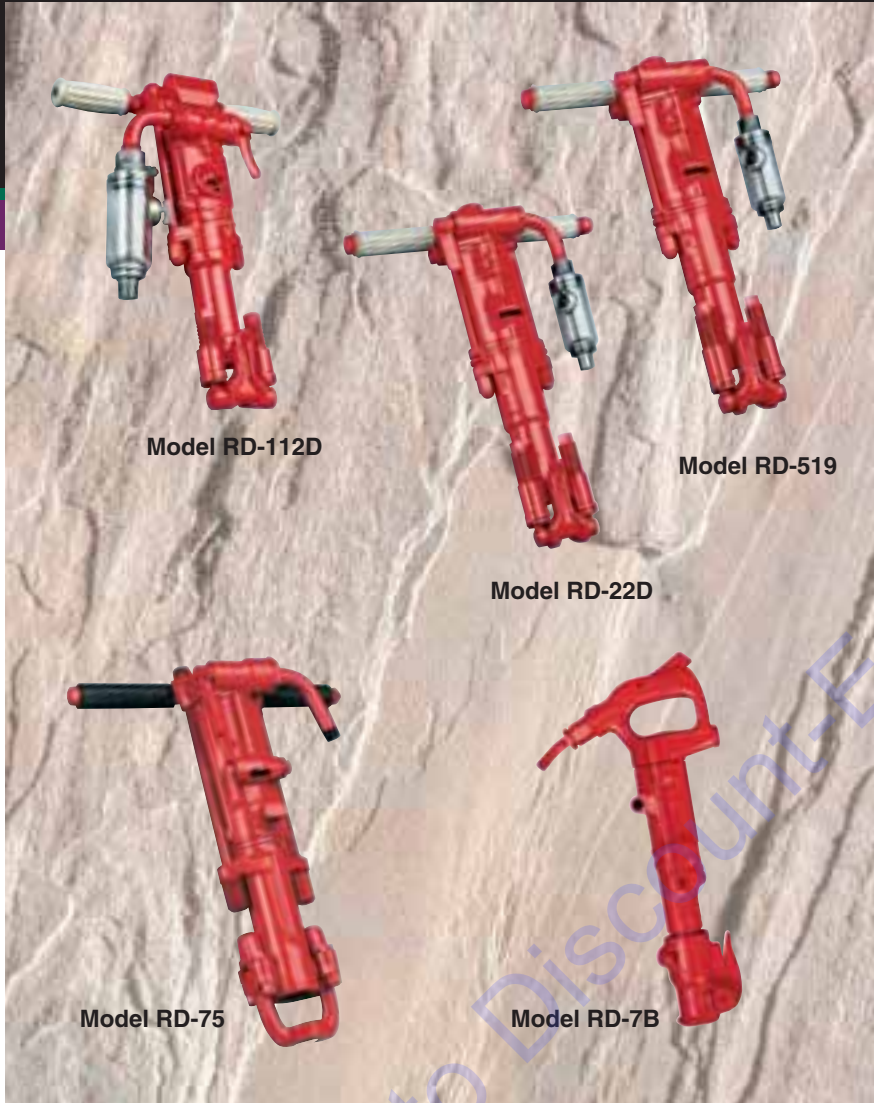

Model 17-R
Ideal for light
excavation and
demolition work.

Tool Model	Net Weight (lbs.)	Dimensions (in.)			Air Hose Size (in.)	Air Inlet Size (in.)	Standard Chuck (in.)	Optional Chuck (in.)	Bore & Stroke	Blows Per Minute (BPM)	Air Consumption (CFM)
		L	W	D
