

# Cut-Off Saws

They may be light and compact, but don't be fooled. A CP hydraulic cut-off saw with the right blade will cut through concrete, asphalt and steel. With our 16-inch saw at full throttle, you have the raw power of a gasoline powered engine in your hand.

The open cutting face makes the CP cut-off saw easy to use, even under the most demanding conditions. The simple, direct drive configuration reduces maintenance, especially in comparison with belt-driven saws.

*A water kit is available to provide a supply of cooling water where needed.*

| MODEL                              |      | SAW 14       | SAW 16       |
