# HAND HELD CORE DRILL

The **CDM1H** is a value packed hand-held electric drill specifically designed to tackle multiple hole drilling applications. The unit operates at 110V/13A, generates 2,200 RPM, and provides slip clutch and overload protection. The High RPM system specifically supports the COBRA BIT Series (1" thru 5" dia.) for DRY drilling of Cured Concrete and hard Masonry. Supports WET Core Bits (up to 3" dia.). "Included is a Water Kit that supports WET Drilling."

## KIT INCLUDES:

- Drill w/ convenient Shoulder Rest
- Water Kit
- Bit Wrenches
- Adapter - M18F to 5/8"-11
- Adapter - M18F to 1-1/4"-7
- Plastic Carrying Case
