

GLOBUG

See the light.

GloBug lighting is available in LED and conventional metal halide configurations. The industry's finest glare-free lighting systems — exclusively from Multiquip.

GB3LED - 300W LED

Model	GB3LED
Voltage (V)	115
Current (A)	2.7A @ 115V
Hertz (Hz)	50-60
Lamp (W)	300W LED
Lumens	38,000 (High)
Dimmer Switch	Low/Med/High
Balloon	33.5" x 21"
Mast (Tripod)	2-Stage
Total Height	12.5'
Total Weight	27 lbs.
Min. Generator	350 Watts
Wind Limits	25 MPH

Model	GB3LEDB
This unit is the full balloon lamp assembly only (no Tripod stand) that can be placed onto any GloBug mast.	
Total Weight	17.5 lbs.

GB8LED - 800W LED

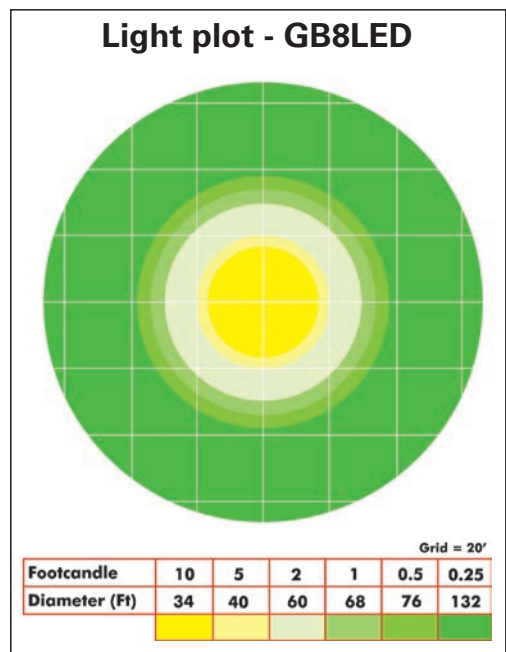

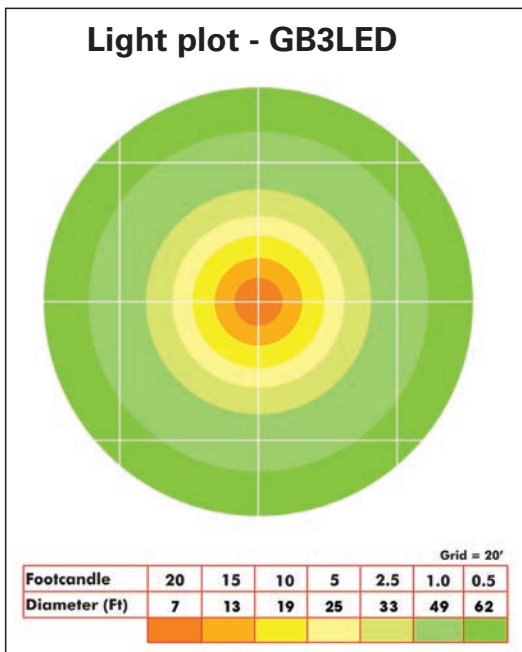

Model	GB8LED
Voltage (V)	115
Current (A)	6.9A @ 115V
Hertz (Hz)	50-60
Lamp (W)	800W LED
Lumens	110,000 (High)
Dimmer Switch	Low/Med/High
Balloon	47" x 28"
Mast (Pentapod)	3-Stage
Total Height	13.2'
Total Weight	48 lbs.
Min. Generator	850 Watts
Wind Limits	25 MPH

Model	GB8LEDB
This unit is the full balloon lamp assembly only (no Pentapod stand) that can be placed onto any GloBug mast.	
Total Weight	25 lbs.

Model	GBC8LED
This unit includes: (1) full GB8LED8 Balloon Lamp assembly only (no Pentapod stand), (2) Steel, zinc plated compact mobile cart with two-stage air assisted mast, (3) cart outriggers and brake.	
Total Weight	127 lbs.
Wind Limits	25 MPH

LED Advantages

- 40,000 hour LED life
- 3 dimmer stages to control light output
- Exceptional color rendering light properties
- Shock resistant LED assembly
- Immediate strike / restrike operations
- 63% less heat emission than metal halide

GloBug applications include construction sites, emergency response, law enforcement, special events, municipality and industrial applications.

GB12BW - 400W

Model	GB12BW
Voltage (V)	120
Current (A)	4A @ 120V
Hertz (Hz)	50-60
Lamp (1)	400W Metal Halide
Lumens	34,000
Balloon	33.5" x 21"
Mast (Tripod)	2-Stage
Total Height	10.5'
Total Weight	35 lbs.
Min. Generator	450 Watts
Wind Limits	25 MPH

Model	GB12BP
This unit is the full balloon lamp assembly only (no tripod stand) that can be placed onto any GloBug mast.	
Total Weight	17 lbs.

- 360° glare-free diffused lighting
- Integrated electric ballast inside lamp housing
- Perfect elliptical balloon shape
- Balloon is washable and repairable
- Quick, and easy set-up and transportation
- Rugged roll cage supports and protects lamps
- High quality collapsible air-shock masts
- GBC steel cart with (3) outriggers and brakes
- GloBug units easily store in ready-carry vinyl cases
- Units operate in inclement weather conditions
- Meets DOT diffused lighting specifications

GBW and GBC - 1000W

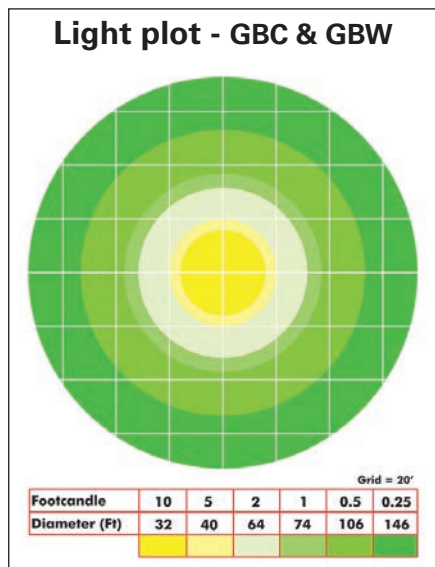

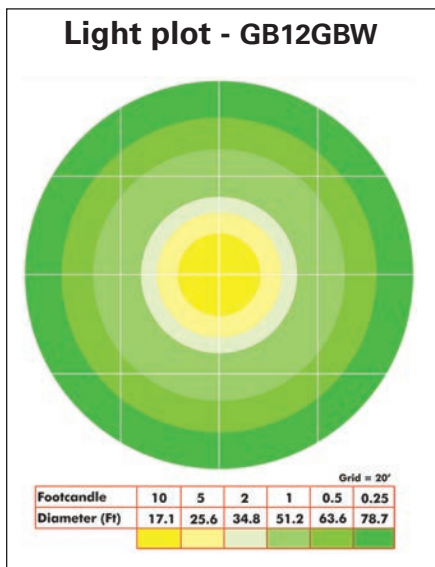

Model	GBW
Voltage (V)	120
Current (A)	9.3A @ 120V
Hertz (Hz)	50-60
Lamp (1)	1kW Metal Halide
Lumens	107,000
Balloon	47" x 28"
Mast (Pentapod)	3-Stage
Total Height	13.2'
Total Weight	52 lbs.
Min. Generator	1,200 Watts
Wind Limits	25 MPH

Model	GBP
This unit is the full balloon lamp assembly (no pentapod stand) that can be placed onto any GloBug mast.	
Total Weight	23 lbs.

Model	GBC
Voltage (V)	120
Current (A)	9.3A @ 120V
Hertz (Hz)	50-60
Lamp (1)	1kW Metal Halide
Lumens	107,000
Balloon	47" x 28"
Mast	3-Stage
Cart	Steel, zinc plated with (3) outriggers and brake
Total Height	10.6'
Total Weight	127 lbs.
Min. Generator	1,200 Watts
Wind Limits	25 MPH

Equipment mount models easily affix to a wide range of vehicles, machinery and equipment to provide mobile glare-free lighting to enhance work site illumination and safety.

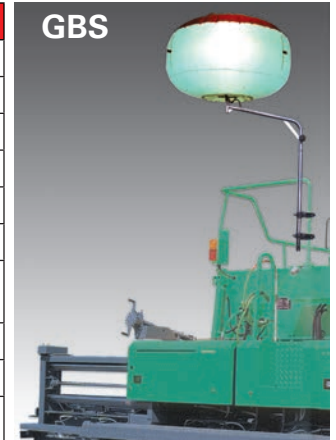

GB12BS - 400W

Glare-free lighting provides safety benefits for work crews and vehicle traffic. Complies with DOT requirements for proper job site illumination.

Model	GB12BS	Model	GBS
Voltage (V)	120	Voltage (V)	120
Current (A)	4A @ 120V	Current (A)	9.3A @ 120V
Hertz (Hz)	50-60	Hertz (Hz)	50-60
Lamp	400W Metal Halide	Lamp	1 kW Metal Halide
Lumens	34,000	Lumens	107,000
Balloon	33.5" x 21"	Balloon	47" x 28"

Total weight	35 lbs.	Total weight	40 lbs.
Min. Generator	450 Watts	Min. Generator	1,200 Watts
Wind Limits	25 MPH	Wind Limits	26 MPH
Mount Assembly includes: (1) GB12BP (400W) (1) Straight pole (1) 90° off-set pole (2) Universal clamps, and hardware		Mount Assembly includes: (1) GBP (1000W) (1) Straight pole (1) 90° off-set pole (2) Universal clamps, and hardware	

GBS - 1000W

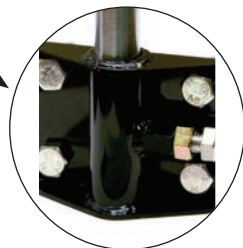

GloBug equipment mount models provide versatile and complete lighting solutions. Each model includes the balloon light assembly, universal mounting clamps and mounting hardware.

GBMP - MOUNTING PLATE

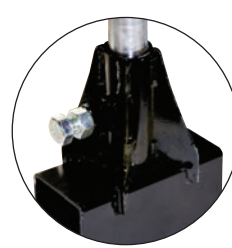

The Mounting Plate accessory attaches to flat surfaces and is ideal for installation on construction equipment and trailers. The GBMP supports all E-ballast GloBug balloon lighting units.

GBMP attaches to the sides of equipment and supports all E-ballast GloBug lighting units.

GBHM - HITCH MOUNT

Model	GBMP	GBHM
Model type	Mount Poles & Plate	Hitch Mount
Items Included	Mount plate 2 poles Hardware	Tow hitch mount 2 poles Hardware
Supports GloBug models	GB12BP, GBP, GB3LEDB	GB12BP, GBP, GB3LEDB

GBHM slides over and secures to the most tow bar hitches. Draw bar length must accommodate 5" of length to affix the GBHM.

The Hitch Mount slides over 2" x 2" draw bars. This attachment is perfect for utility and job-site vehicles. The GBHM supports all E-ballast GloBug balloon lighting units.

The **4-Spot 1,600 Watt Light Tower** is a very compact, mobile lighting solution for residential, industrial, and commercial job site applications.

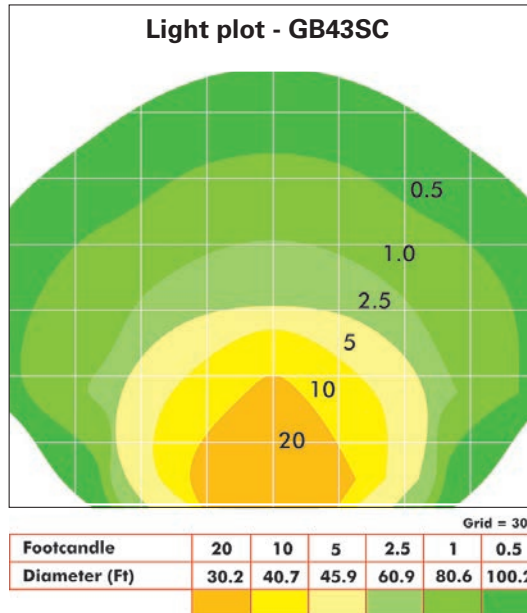

GB43SC - 1,600W METAL HALIDE

- Powerful light source in a small footprint
- Solid aluminum lamp housing can be individually oriented to best support the lighting requirements
- Operates on hard electrical connections as well as most portable generators
- Cart handle bar for easy steering and transportation
- Counterweights lock safety outriggers into position
- Lifting bale for safe tower handling
- 5 Footcandle power out to 90'
- Folds to tight 3.5' x 3' x 5.6' package for transportation and storage

Model	GB43SC
Voltage (V)	120
Current (A)	16 @ 120V
Hertz (Hz)	60
Lamp (4)	400W Metal Halide
Lamp Type	Metal Spot Light
Lumens	136,000
Plug Type	NEMA 5-20P
Mast (Cart)	3-Stage
Mast (Raise)	Manual Winch
Cart	Steel, Zinc Plated
Outriggers	2
Wheels (4)	8" Pneumatic
Total Height	13.7'
Storage Height	41" x 36" x 67"
Turning Radius	7.7'
Total Weight	364 lbs
Min. Generator	2,500 Watts
Wind Limits	40 MPH

The **GB2000** easily connects to the electrical and ballast systems of most conventional light towers to provide exceptional glare-free lighting.

GB2000 - 2,000W METAL HALIDE

- 2,000 Watt 360° glare-free diffused lighting system
- Seamlessly works with the existing light tower electrical systems
- Integrated balloon fan inside lamp housing
- Perfect cylindrical balloon shape
- Balloon is washable and repairable
- Quick disconnect electrical fittings
- Excellent light coverage of over 240 feet
- Quick, and easy set-up and transportation
- Meets DOT diffused lighting specifications
- Comes with all T-Bar mounting bracket and all necessary hardware

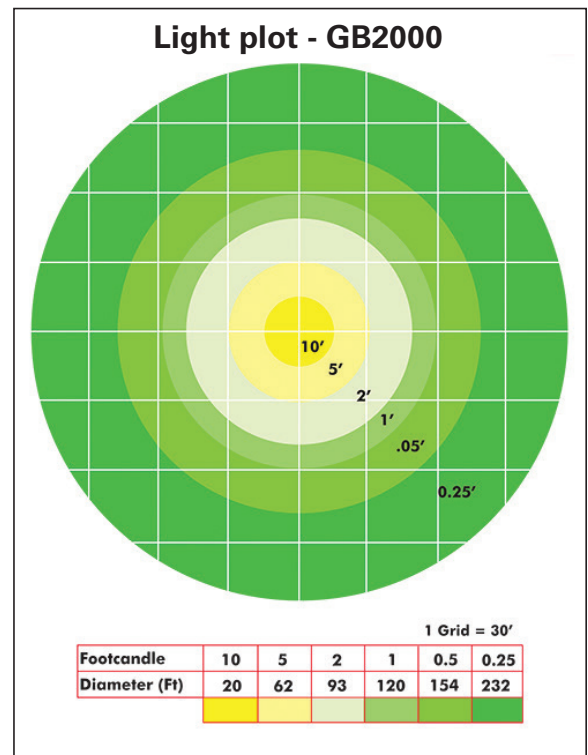

Model	GB2000
Assembly includes: (1) GB2000 balloon lamp assembly (1) Universal bracket assembly (1) Electrical Junction box and connection hardware	
Voltage (V)	238-268
Current (A)	8.2A @ 240V
Hertz (Hz)	50-60
Lamp (2)	1kW Metal Halide
Lumens	220,000
Balloon (Inflated)	34.5" x 35.5"
Total Height	39"
Total Weight	31 lbs
Min. Generator	3,200 Watts
Wind Limits	40 MPH

Balloon lamp assembly folds into a convenient carrying case

The GB2000 easily connects to the electrical and ballast systems of the light tower for seamless operations. Two conventional lamps may still be operated with the GB2000.

The **GB4000** provides powerful glare-free lighting for Multiquip light towers users. This GloBug meets regulatory requirements, allows for diffused illuminance that eliminates shadows, improves operator job site awareness, and curtails caustic light glare to on-coming automotive traffic.

GB4000 - 4,000W METAL HALIDE

- 4,000 Watt 360° glare-free diffused lighting system
- Seamlessly works with the existing light tower electrical systems
- Integrated balloon fan inside housing
- Perfect cylindrical balloon shape
- Balloon is washable and repairable
- Quick disconnect electrical fittings
- Excellent light coverage of over 300 feet
- Quick, and easy set-up and transportation
- Meets DOT diffused lighting specifications
- Comes with all T-Bar mounting bracket and all necessary hardware

Model	GB4000
Assembly includes: (1) GB4000 balloon lamp assembly (1) Universal bracket assembly (1) Electrical Junction box and connection hardware	
Voltage (V)	120
Current (A)	37.2A @ 240V
Hertz (Hz)	50-60
Lamp (4)	1kW Metal Halide
Lumens	428,000
Balloon (Inflated)	55.1" x 47.2"
Total Weight	41 lbs
Min. Generator	4,200 Watts
Wind Limits	40 MPH

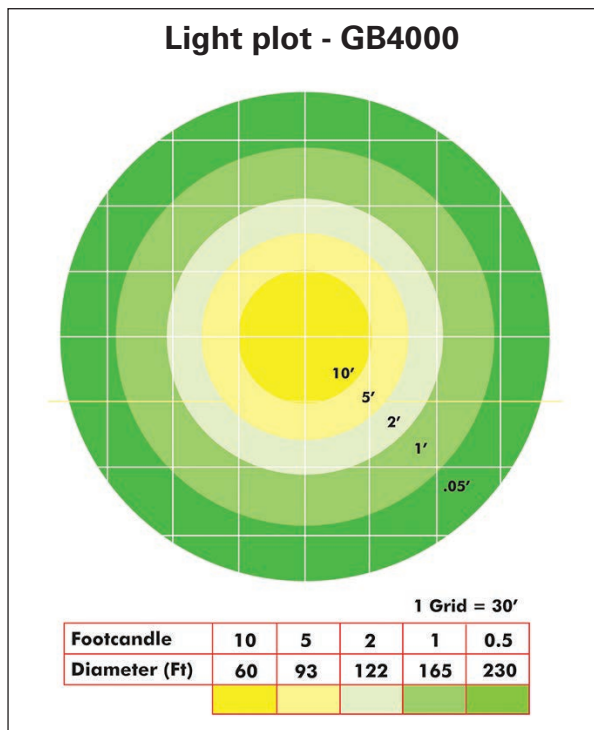

Balloon lamp assembly folds into a convenient carrying case

The GB4000 easily connects to the electrical and ballast systems of the light tower for seamless operation.

Diffused, glare-free light coverage of up to 300'

Balloon Bag Replacements

GBB85D
standard balloon
fits GloBug models:
**GB12BW, GB12BP,
GB12BS, GB3LED,
GB3LEDB**

GB36S
large, cylindrical
shaped balloon often
recommended for
DOT work fits GloBug
models: **GBW, GBP,
GBS, GBC, GB8LED,
GB8LEDB**

A100085103
standard balloon
replacement for
the **GB2000** with a
reflective top crown

GBBAL115D
standard balloon with
reflective top fits:
**GBW, GBP, GBS, GBC,
GB8LED, GB8LEDB**

A1000108400 standard
balloon fits: **GB8LED,
GB8LEDB, GBC8LED**

GB48
largest, cylindrical
shaped balloon often
recommended for
DOT work fits GloBug
models: **GBW, GBP,
GBS, GBC, GB8LED,
GB8LEDB**

A100098700
standard balloon
replacement for the
GB4000 with reflective
top crown

A100107800 - balloon
replacement for
the **GB4000** w/ no
reflective top crown

Mast and Poles

GBXPOLE - aluminum 35" extension
pole that fits existing masts: **GB12BW,
GBW, GBC, GB3LED, GB8LED**

A300166600 - steel 35" extension pole
that fits existing masts: **GBW, GBC,
GB12BW, GB3LED, GB8LED**

GBSPOLE - steel two-piece 90° off-
set pole kit (no lamp) that supports:
GB12BS, GBS

A000028700 - Complete telescopic
mast (2 pc.) assembly that fits:
**GB12BW, GBW, GBC, GB3LED,
GB8LED**

Stand Replacement

GBWSTAND
complete 5-point pent-a-pod
stand that fits GloBug models:
GBP, GB8LEDB

A000019600
complete 3-point tripod
stand that fits GloBug
models: **GB12BP, GB3LEDB**

Cart Replacement

GBCCART
Complete GBC
hand cart (less
GloBug lamp) that
supports: **GB12BP,
GB3LEDB, GBP,
GB8LEDB**

Hanging Kit

Provides the balloon
and hardware to orient
the GloBug lamp to be
suspended from above.
Fits: **GBW, GBC, GBS, GBP,
GB12BW, GB12BP, GB12BS,
GB3LED, GB3LEDB, GB8LED,
GB8LEDB**

A000034400 - Hanging Kit
hardware and fasteners

A100086400 - Hanging Kit
balloon bag

Balloon Message Strips

Personalized Message Strips are available at your
request. They can highlight the particular
application, support the job site, or enhance your
business's exposure. **Contact Multiquip Sales** for
information on standard or personalized value
added message strips that can include company
logos, event definition, or special occasion.

Message Strips easily velcro to fit balloons:
GB12BW, GB3LED, GB12BP - 9" x 31" strip
GBW, GBP, GBC, GBS, GB8LED - 12" x 43" strip
GB36S - 36" x 36" strip
GB48 - 48" x 48" strip
GB2000 - 24" x 43"
GB4000 - 26" x 54"
