

# BARTELL RIDE-ON TROWELS

## **INDUSTRY LEADING TOLERANCES**

Accounting for better arm rigidity and less spider maintenance

## **NEW LOW RIDER DESIGN**

Easier view of the slab, more balance

## **LIGHTWEIGHT**

Not extra weight to compensate for poor design

## **EXTREAMLY RIGID ARMS**

That flatten the floor even without the extra w

## **37 EFI FOR**

## **HIGH POWER**

Equip your Rider with up to 37HP for effective troweling and panning

## **FRONT & BACK**

## **LED LIGHTS**

Easily see the slab, even in darker conditions and in both directions

## **CUP HOLDER &**

## **USB PORT**

Place to hold spray bottles, charge your phone and more comes standard on the Titan Series

## **QUICK REMOVE**

## **PANELS**

Get into the guts of the trowel quickly with removable panels. Also with built-in light
