

The Innovatech Terminator 2200 PRO

Features

- Extremely high removal rates
- 55 HP Kubota Motor
- Easily fits through any standard doorway or onto elevators

The workhorse in floor removal technology, the 55HP Terminator T-2200PRO is designed to meet the needs of the most demanding removal project. The newly updated T-2200PRO is the most advanced flooring removal machine on the market.

Utilizing Innovatech's unique "Cool Flow" hydraulic system, dual joystick design, integrated swivel head, and 15 years of experience the T-2200PRO has no equal. The new T-2200PRO is capable of removing VCT, carpet, ceramic, hardwood, roofing material, sports courts, and just about any other flooring material. Power, solid design, reliability, ease of operation, and the experience to back it up make the T-2200PRO the only choice for the serious contractor
