

# The Innovatech Terminator 3000 XME

## Features

- Extremely high removal rates
- Battery powered; zero emissions
- Built-in quick change swivel head design

The T3000 XME has all the power and capability needed to remove VCT, vinyl, carpet, and many other flooring materials in a compact and easy to maneuver design. The 26-inch-wide T3000 XME fits through any standard doorway and the hydraulically adjusted blade provides the versatility to remove all types of flooring material. Featuring a built-in swivel head and dual joystick operation, the Innovatech Terminator 3000 XME is extremely easy to operate and maneuver. If your company requires professionally built industrial strength equipment the Terminator T3000 XME is the correct choice.
