MLG SERIES

MOBILE DIESEL GENERATORS

Generac Mobile MLG series diesel generators offer reliable single-phase power for smaller-scale applications, including power for job trailers, construction crews and special events. MLG generators give you Final Tier 4 power you can trust, while maximizing fuel efficiency and performance. MLG series generators are ideal for smaller jobs, and minimize the occurrence of light loading and wet stacking.

For customers in California, the brake horsepower of all Generac Mobile MLG series generators fall below the regulated threshold of 49bhp and are exempt from California's Portable Equipment Registration Program (PERP).
